

The Carson Daily Appeal

CARSON CITY:

Sunday, April 27, 1913.

MINT.—We wended our way into the Mint as usual yesterday but our perennial fount of reliable information regarding amalgam and ingots, General Slingerland, was not there. He had betaken himself to the Springs or other parts, and we inspected the hieroglyphics on his tags and slips in vain—assisted in our inquiries by Col. Jake Whipple and Carl Appleberg. Whipple ventured the opinion, however, that there had been received about a ton and a half of crude bullion; and judging by the piles of it that were stacked up in the bar-room (where Slingerland officiates) there must have been quite that amount on hand. (Not to convey a misunderstanding of Slingerland's duties and the manner of his performing them, as well as to avert any misapprehension as to the disposition of the bullion which gets sent to the Mint, we will say that "the bar room" aforementioned is our own name for the room where the "bricks" or bars of bullion are brought to receive their final marking which is performed by means of various punches—natural things in a bar-room, you know—and some adroitly delivered hammer strokes given by the General.) What shipments, if any, were made from the Mint yesterday, we were not informed of. Suffice it is a sort of cleaning up day; and it is not a fruitful season for items there.

BENEFIT OF CURRY ENGINE COMPANY.—Col. Curry came into our office yesterday afternoon to say that he had made arrangements with manager Fulford for a performance, on Monday (to-morrow) evening for the benefit of the Curry Engine Company. There are many good reasons why this company should have a substantial benefit if being a fact that they have been, during the past year, under extraordinary expenses for building and other needed improvements. On general principles the citizens should be ready, at all reasonable times, to respond to a proposition looking to the financial benefit of our volunteer firemen—for God knows they find personal expenses enough incident to their membership to entitle them to a hearty response whenever they devise a plan whereby to replenish the company's exchequer and, at the same time, enjoy as well conducted and attractive an entertainment as it is in the power of the Rosedale Troupe to give. A well chosen programme is of occasion indicated.

THE THEATER was well filled last night to see the Rosedale Troupe in "The Colleen Bawn"—Mr. Falford assuming the part of Miles Na Co' and Mrs. O'Connor, the part of the role of Eile. The performance was very creditably performed; the scenery was very excellent; the music was given by some very clever musicians, and the Rosedale Troupe very cleverly rendered, wound up the entertainment by the presentation of the Curry Engine Company's benefit, a fireman's address by Mr. Fulford and a "roaring farce" to wind up with.

IN THE SHOP.—Last evening's Virginia Chronicle says that—"The locomotives Reno, Virginia and Lyon, are all in the repair shop of the Virginia and Truckee Railroad Company at present. The Reno has had her drivers turned and she has received a general overhauling and will be out in a few days to resume her place on the express train. The Virginia will be out next week. The Ormsby takes the place of the Lyon and the Storey takes the place of the Ormsby on the gravel train between Gold Hill and the Mound House."

OR THE PROGRESS of the Sutro tunnel the Virginia Chronicle says: "This great adit is now in a distance of 3,864 feet an advance of 23 feet having been made since last Saturday. A large stream of water was tapped during the week, which burst from a drill hole in the bottom of the tunnel with a rush and a noise that could be heard for a long distance. The stream was mainly exhausted in five or six hours, but about two miner's inches are still coming in. The rock in the header is very hard and blasts badly."

ANOTHER instance of the high rates of charges for drayage in San Francisco, caused by the epizootic was called to our attention last evening by Mr. D. C. Turner, the well-known bootmaker. On a bill of goods which weighed 50 pounds, only the cartage charges in San Francisco were \$4. Our people will have to patronize Sacramento in preference to the Bay if this thing lasts long.

A CHINAMAN whose name we could not learn without going to Chinatown, was hurt pretty badly yesterday by falling from a car on the V. & T. R. R. One of his arms was broken in two or three places and he was a good deal bruised about the head and face. The accident happened near the Virginia & Truckee Co.

FRED. D. TURNER, P. M.

BETTER.—Theo. Hale reported Controller Hobart better, yesterday. When an elderly person, like Hobart, is taken down with sickness, of course he has a harder time than a younger man—has himself, for instance. But the old gentleman has a good, strong constitution and will not long be confined to his house. Glad to know he is improving.

Our British born friends are reminded of the meeting this afternoon at the Lodge Room of Odd Fellows, for the purpose of organizing the "St. George's Benevolent Society." The object of one meeting should secure a full attendance—and we have no doubt it will.

OF VIRDEN, the man who was so desperately stabbed the other night in Virginia City, the Gold Hill News of last evening says: "W. H. Virden, is getting along finely. He slept well last night, and has spent the day very comfortably."

Rosser's new building is growing rapidly. Curry promises that it shall have the handsomest front of any store building in town. We don't know what Rosser has concluded to do about a second story.

U. S. DISTRICT COURT.—Hon. E. W. Hillyer, Judge, April 26. In chambers in the matter of J. W. Douglas & Co. in bankruptcy; the said firm was adjudged a bankrupt.

PRESBYTERIAN CHURCH.—Rev. F. R. Girard will preach in the Presbyterian Church to-day, morning and evening. The subject of the evening lecture will be "The Spread of Christian Manhood in America."

BLIND TOM, the wonderful pianist, is going to give an entertainment in Virginia City to-morrow night. We certainly hope he may come to Carson. He is one of the wonders of the age.

We noticed a train of eight cars of wood from the old King's canyon flame yesterday.

RECORDED VIEW.—An arrangement has been made between Mr. A. Friend and Mr. Scripture for the taking of photograph views of houses, scenes and all sorts of natural and artificial objects—this being the business to the entire exclusion of the taking of portraits. They will take views in order and guarantee satisfactory pictures. The present is a very favorable season for views, there being little dust or smoke in the air, and the trees about residences and buildings not being enough in leaf to obstruct the views. Mr. Scripture has a camera and is in this business. Orders may be left at Mr. Friend's old stand in the corner of Second street above Carson.

NOTICE.—Some party soliciting applications for Fire Insurance has asserted that the Liverpool & London & Globe Insurance Company have withdrawn from this State and are not at present taking risks in Carson. Such is not the fact and the insurance man, whoever he may be, asserting it, knows he is asserting a lie in order to secure business. JOHN SPIROSTON, ap24-1w State Agent F. L. & G. Ins. Co.

DANCE.—Mr. E. B. Hall is here now to make and take his annual settlements of all old claims and other outstanding matters and he desires all those who owe him to come up and put up and square up without any further notice or procrastinations. This hint ought to be, and he hopes will be, sufficient to induce delinquents to repair and pay their credit. A word to the wise is sufficient. ap24-1w

READ THIS—A NEW DEAL.—First Hall, who has taken charge of Theater Hall, informs the public that no more skating will be indulged in but that the floor of the hall will be put in good shape every Friday evening and will be managed. Excellent music will be arranged for these dances, and the price of admission will be but fifty cents, so that all who desire to while away a few hours in that delightful amusement can indulge that pleasure. The hall is one of the best in the State, and with good music, and Frank for manager, a good time may always be anticipated. The first dance will take place next Friday, April 25, 1913. ap24-1w

ANOTHER WANT SUPPLIED!
